Sorry - to crash your party But I just couldn't wait for an invitation And I know damn well that you never sent one But you can't kick me out - cuz I live here, too - and I'm the life of the goddamn party that you threw

Hangin out with a bunch of brats I know you guys like to think that you know where it's at but you don't I understand why you guys are so mad I wasn't picked to be part of your plan - but, oh, well La la
