

Now I know the G.O.P  
Is trying hard to bury me  
And how can I think of anything else?

And I've been asked to fraternize  
With those who have gouged out their eyes  
And how can I think of anything else?

It's hard for me to know it's hard for us [x2]

And the way that I can feel for you  
Is the only thing to pull me through

And are you willing to bury me  
For the sake of the liberty?  
Think about it

And are you willing to bury me  
For someone elses security?  
Think about it

It's hard for me to know it's hard for us [x2]

And the way that I can feel for you  
Is the only thing to pull me through  
Liberty, for who?  
For me, for you

Come on!

Uh, it's hard for me to know it's hard for you  
It's hard for me to know it's hard for you [x3]

And the way that I can feel for you  
Is the only thing to pull me through  
Liberty, who?  
For me, for you

Ooh [x2]

You [x2]
