

## Feed a Fever

Local H

Heard the news.  
And I don't hear no more.  
Sell your views from camera 4.  
Take your cues.  
Another FOX whore.  
You know who you're working for.  
That laughing gas.  
You feed a fever.  
Built to last.  
Like a cockroach high on laughing gas.  
You feed a fever - starve a cold.  
Fed your views.  
An I don't know no more.  
Sell the news.  
New abuse.  
You big stock whore.  
Chained up to the ruling kind and their laughing gas.  
You feed a fever.  
Jet to crash.  
So, keep them high on all that laughing gas.  
You feed a fever - starve a cold.  
Laughing gas.  
You feed a fever.  
Spell to cast.  
Elect your witches and their laughing gas.  
You feed the masses what you're told.  
You're a fever - I'm a cold.  
And no one's sweating you out.  
You feed them full of that laughing gas.  
You're a fever - I'm a cold.
