

# One of Us

Local H

Think back in '98  
Drunk parties at your place  
You were one of us  
You were one of us

Yeah you were semi-tough  
And that was tough enough  
You were one of us  
Always one of us

Blissfully numb to the feelin'  
Of years that were peelin' away

It was a friend through a text  
Who told me you were next  
Of the one of us  
To be none of us  
But a lustful life  
And power minute time  
You were one of us  
You were one of us

But who'd believe you  
But we knew  
The sweetness of cherries and stones  
Climb the flagpole  
Of assholes  
We claim you as one of our own  
Of our own

One of us  
One of us  
One of us

And who'd believe you  
But we knew  
The secrets of cherries and stones  
We crowned the flat bowl  
Of assholes  
We claim you as one of our own  
Of our own

One of us  
One of us  
You were one of us  
You were one of us

Oh no, we ain't sorry now  
Oh no, we ain't sorry now  
Oh no, we ain't sorry now  
We're all one of us sooner or later

Oh no, we ain't sorry now  
Oh no, we ain't sorry now  
Oh no, we ain't sorry now  
We're all one of us sooner or later

Oh no, we ain't sorry now  
Oh no, we ain't sorry now  
Oh no, we ain't sorry now  
Oh no, we ain't sorry today

So lock the bathroom door  
And go to sleep on the floor  
You were one of us  
You were one of us
