Local H

I climb that rock, I'm in my stand
Conch shell clenched in my hand

Rail, I'll preach, I'll make big plans
I am the leader of this man-boy clan

Piggy, I'm a man [x4]

On this isle may God stand
Through the power in my hand

Instinct ruins best laid plans
I am the leader of this man-boy clan

Hey, yeah

Piggy, I'm a man [x4]

All alone make my stand
Power wrenched from my hand

The object of savage clan
I've lost control of this man-boy clan

Hey, yeah

Piggy, I'm a man [x3]
Running as fast as I can
Piggy, I'm a man [x4]

Running on my hands and knees
And I'm running on my hands and knees
Ooh, oh, oh, oh, running on my hands and knees
Ooh, oh, oh, oh, and I'm running on my hands and knees
Ooh, oh, oh, oh, running on my hands and knees
Ooh, oh, oh, oh, and I'm running on my hands and knees
