

Ava

Local Natives

Ava
How do I reach you?
On the beach in tennis shoes
Tracing patterns on the coast, coast

Ava, I know you
Are caught in between two lives, mmm
In a slow panorama
A merciful dagger falls
Tell me, can there be love without loss?

Ava
How do I reach you?
On the beach in tennis shoes
Tracing patterns on the coast, coast

What if I lose you?
What if you disappear? Mmm
Could I white knuckle
It for a couple years?
Holding my breath until I come up for air

Ava
How do I reach you?
On the beach in tennis shoes
Tracing patterns on the coast, coast
Ava
Lighter than reason
Heavier than pure believing
If I held you I could know, know

Is it a rising or falling arc?
Give it time, love, I know it's dark
Waiting for the morning

Ava
How do I reach you?
On the beach in tennis shoes
Tracing patterns on the coast, coast
Ava
Lighter than reason
Heavier than pure believing
If I held you I could know, know
