Local Natives

And I'm back there that night
The party's spinning outside
Could I even define?
Would I recognize?

She's mine
Future lovers
She's mine
Future lovers

She was bending the light
Calibrating rainbow eyes
The last dissolving divide
Finally a quiet night

She's mine
Future lovers
She's mine
Future lovers

The last dissolving divide
The last dissolving divide

She's mine
Future lovers
She's mine
Future lovers
She's mine
