

## Lost

## Local Natives

We'd run around  
Night sky, heads in the clouds  
All filled up, no trying  
Catch pillows, all fine  
Now you wonder where you are  
Skull drifting through the fog  
Just barely lit eyes  
Just woke up to find

Are you the one you lost?  
Are you the one you lost?

We tell ourselves  
We'd never been with somebody else  
I can't be tied down  
I can never be slowed down  
No you wonder where you are  
Entombed at your mother's house  
You got your sleeping pills  
Inside a glasses case  
You can't remember  
The last time you had a say

And how much of that you need (need)  
And how much of that you need (need)  
And how much of that you need (need)  
And how much of that you need (need)

Are you the one you lost?  
Are you the one you lost?  
Are you the one you lost?  
Are you the one you lost?

And now you seem to clear  
Can't go back and you can't stay here

Ooh-ooh-ooh-ooh-ooh-ooh  
Ooh-ooh, ooh-ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh-ooh-ooh  
Ooh-ooh, ooh-ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh-ooh-ooh  
Ooh-ooh, ooh-ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh-ooh-ooh  
Ooh-ooh

Thinking how much of that you need  
And how much of that you need  
Thinking how much of that you need
