

Neon Memory

Local Natives

Another night and the clouds are lions in waiting
Our favorite record skips to the sounds of our flailing

Fade out
Fall in
Wake up
Begin
No matter the ending

I'm back here again
But is it enough for you to trust me?
Life goes on ahead
We're watching it flicker
A neon memory

A neon memory
A neon memory

Fade out
Forgive
Love has to live
In peaks and valleys

I'm back here again
Kaleidoscope spinning
Forever changing
Life goes on ahead
Will you stay here with me?
Neon memory

A neon memory
A neon memory
