

Tap Dancer

Local Natives

Champion on the podium, another win
Quiet when the crowd's gone, deafening
And he sits down in a darkening room
And he turns off the TV

I don't know
Everything was easier before
Take me back
Before I knew of artificial roses

(I don't know)
(Everything was easier before)
(Take me back)
(Before I knew of artificial roses)
(I don't know)
(Everything was easier before)
(Take me back)
(Before I knew of artificial roses)

I wish there was magic
Everyday
I wish it was different
Not the same
It's a tap dance to you
It's a minefield to me
And I'm watching
Every step

I don't know
Everything was easier before
Take me back
Before I knew of artificial roses
I don't know
Everything was easier before
Take me back
Before I knew of artificial roses

(I don't know)
(Everything was easier before)
(Take me back)
(Before I knew of artificial roses)
(I don't know)
(Everything was easier before)
(Take me back)
(Before I knew of artificial roses)
