

Sippin Sunsets

LoCash Cowboys

Every bar, ever spot
Every downtown dive
Got an open seat, an open sign
Saying come on in tonight
We ain't showing up, cause sure enough
Gotta reservations for two
Out here where the view's
Almost as golden as you
Baby ooh, ain't nothing else I'd rather do
Then get to

Sippin' on them sunsets
Soaking up the truck bed
Wasted on the weekend
Buzzing on your sundress
Sinking into your eyes
Got me saying amen
Chasing down this high's
Bout as good as it gets
Ain't just tipping back them long necks
Girl, we're sipping on them sunsets

Ain't just that flame from the fire
That got us feeling the heat
Let my hands on your body
Be the cool in the breeze
Watch the sky mix some purple and red
Stealing every kiss we can get
While we're

Sippin' on them sunsets
Soaking up the truck bed
Wasted on the weekend
Buzzing on your sundress
Sinking into your eyes
Got me saying amen
Chasing down this high's
Bout as good as it gets
Ain't just tipping back them long necks
Girl, we're sipping on them sunsets...

Baby ooh, right here right now
There ain't nothing else I'd rather do
Then get to

Sippin' on them sunsets
Soaking up the truck bed
Wasted on the weekend
Buzzing on your sundress
Sinking into your eyes
Got me saying amen
Chasing down this high's
Bout as good as it gets

When we're sippin' on them sunsets
Soaking up the truck bed
Wasted on the weekend

Buzzing on your sundress
Sinking into your eyes
Got me saying amen
Chasing down this high's
Bout as good as it gets
Ain't just tipping back them long necks
Girl, we're sipping on them sunsets...
