

Dark Force of Conviction

Lock Up

Burn wrath with anger!

Dark force of false conviction
Burning pain - self-contained
Consume the loss within your scripture
Casting iron fists consume
Driving nails through false convictions

Lords in chaos bleed the faith
Culling hatred one the same
Engulphed within your singularity
Carve the path to all your past
Pray for gods to light your way
Lie in wait

Praise the dog who prays for prey
Praise the loss in constant pain
Crawl within a world entombed
Dogs of hate impending doom
Destroy the world from within
Drown the soul cleanse the mend
Neutralize deaths cold sum
Aligned with praise, life consumed

Fail to breathe
Fail to breathe
