

Desolation Architect

Lock Up

The decadent nest of ignorance
Has stunted the impetus of spirit
Forged and distorted
We are slaves to their rituals

Desolation architects
Pledge your faith to their plagues
Desolation architects
Corrupt the truth to manifest the hell ...HELLLLLLL

This arrogant world tastes different now
Life has salvaged alternative fates
Private carnage of reality's past
Wounds smoulder with words and decay

Desolation architects
Pledge your faith to their plagues
Desolation architects
Corrupt the truth to manifest the hell

The nemesis defies
To rise against the tides of denial
The nemesis thrives in the shadows
To gloat in my defeat!

Apprehend the chaos germs
Repel its viral host
Defend your mortal coil of hope
Dispel the pungent curse

The decadent nest of ignorance
Has stunted the impetus of spirit
Coarse and distorted
We are frail and habitual

Desolation architects
Pledge your faith to their plagues
Desolation architects
Corrupt the truth as they manifest hell
