

Mind Fight

Lock Up

Cost of mind life's descension
Bet a life for sound decisions
Frozen mind lost in time
Broken down my clock unwinds

A life of misdirection
Discord, discord, discord
Suspended animation
Discord, discord, discord
A life with no decision
Discord, discord, discord
A life of misperception

Heed the call masters plan
Fight for life with what you can
Graven on wayward sheep
Moving on with masters plan

A life of misdirection
Discord, discord, discord
Suspended animation
Discord, discord, discord
A life with no decision
Discord, discord, discord
A life of misperception

Cut through center cut
Chop up my butcher block, cause I've lost all the plot

Discord perception
Fight your mind fight, fight your mind fight
Discord perception
Fight your mind fight, fight your mind fight

Discord, discord, discord
A life of misdirection
Discord, discord, discord
Suspended animation
Discord, discord, discord
A life with no decision
Discord, discord, discord
A life of misperception
