

## We Challenge Death

Lock Up

Devious spirits swarm like swine  
Feral leeches disarming the mind

Promises - fantasy's  
Feeding the dreams  
Ominous eyes and their prophecy's  
Dancing the dance of the deceased  
Arms twisting arms twisting arms  
We challenge death!

Flogged before the burning question marks  
Embrace the fatigue keep poisoning the heart  
When trauma feels like victory  
We fill our cups again with apathy

Conspiracy's - fantasy's  
Feeding the dreams  
Ominous eyes and their prophecy's  
Dancing the dance of the deceased  
Arms twisting arms twisting arms  
We challenge death!  
We challenge death!

Are we still alive  
A stage between death - no mans land  
Reality bends to our own purpose

We challenge death!  
We challenge death!  
We challenge death!  
We challenge death!

Ominous eyes and their prophecy's  
Dancing the dance of the deceased
