

Down For Too Long

Locksley

Louise is getting older, I wish that I could slow down
Well Nica probably told her, it's time to have some fun now
That Eleanor is trouble, she don't mean it but it's true man
But I'll be leaving on the double, just as fast as I can

And so we all have got to go
(Shout out) We're kids in the middle of a
(Shoot out) Oh, what are we supposed to
(Do now?) Man, it's enough to get you down for too long

Louise is getting older, trying out the west coast
Nica probably — something 'bout the sun or the tempo
Eleanor just loves it, trouble in the sunshine
Louise is getting older, it was bound to happen sometime

And so we all have got to go
And so we all have got to go
(Shout out) We're kids in the middle of a
(Shoot out) Oh, what are we supposed to
(Do now?) Man, it's enough to get you down for too long

(Shout out) We're men in the middle of a
(Shake down) God, don't it make you wanna
(Breakdown?) Yeah, but you know that we've been down for too long

Whatever I am is alright
Whatever you are is alright
Whatever it is, is alright
Whatever we are is alright

(Shout out) We're kids in the middle of a
(Shoot out) Oh, what are we supposed to
(Do now?) Man, it's enough to get you down for too long

(Shout out) We're men in the middle of a
(Shake down) God, don't it make you wanna
(Breakdown?) Yeah, but you know that we've been down for too long

We've been down for too long
