It takes time
It takes time
It takes time

The past summer nights
The cool autumn breeze
I still have hard times
Falling asleep, I'm tossing and turning

What I planned
Particularly hot you
It's hard to make even a thing mine
It takes time again
It takes time again

It's been a year
It's been a month
It's been a day, it has passed quickly with no time to reminisce
I have some other things to worry about
I can't stand even an hour My dry lips are bitten

I'm still not used to this feeling
It's gonna be okay if I just pass by, but I don't know how
When I open my eyes after forcing them to close
I wish it was the day after tomorrow

It takes time
The past summer nights
The cool autumn breeze
I still have hard times
Falling asleep, I'm tossing and turning

What I planned, particularly hot you
It's hard to make even a thing mine
It takes time again
It takes time again

It takes time
It takes time
It takes time
It takes time again
It takes time
It takes time
It takes time
It takes time again

When can I be okay? I know the answer, but I keep asking the question
Whenever I'm asked if I'm okay, I feel like my face gets stiff

I wrote 'it takes time' and erase it and write 'it's hard'
If I have a wish, it's sleeping without thinking anything
The cool summer songs gave me false hopes
In the brown autumn after a long time
I'm just looking at the clock
How much does it take to endure the pain?

Now I can't go back
But I'm still standing in the place
In the fragmented time

Can we run into each other again?

After a long time

Then we'll know

What I planned

Particularly hot you

It's hard to make even a thing mine

It takes time again

It takes time again

It takes time

It takes time

It takes time
