

Maniac

Loe Shimmy

Uh, uh, uh, uh

(We done killed that boy beat, Vince, I ain't gon' lie, it dead
)

Just ordered twenty plays, wait in the end zone 'til it touch d
own

She doin' all that fussin', just wan' fuck and buy her bustdown
Car in my mama name, I'm bouncin' out so I can run down
I'm tryna duck the fame, post on the block until the sun down (
Uh, uh)

Boot up, I'm geeked, OD off Perkies in my sleep
That glizzy 10 in my Amiris as we speak
Them niggas hatin' bad, I keep my distance once I peeped
I'm in the field for real, look at the bottom of my feet
I can't get caught lackin', clutch in traffic, switchin' differ
ent rentals
I just started rappin', it came with the fame on accidental
Once I up this rocket, baby Draco rearrange his dental
I get in my feelings, step on shit when I get sentimental

Mix the Perky with the lean, my eyes ain't lazy yet
They ain't think I'd get this far and I ain't made it yet
I gotta drive these P's so far and I ain't made it yet
Tryin' not to bust her down so hard, she ain't my lady yet
Fightin' for your love just like a maniac
They ain't think I'd get this far and I ain't made it yet
I gotta drive these P's so far and I ain't made it yet
Tryin' not to bust her down so hard, she ain't my lady yet (Oh,
oh)

I won't tell 'em how I feel, don't put it in the music
Eat her 'til she fall asleep because it's therapeutic
Gave 'em all the love I had, but they was tryna abuse it
Gave 'em all the love I had, but they was tryna abuse it
I won't tell 'em how I feel, don't put it in the music
Eat her 'til she fall asleep because it's therapeutic
Gave 'em all the love I had, but they was tryna abuse it
