Loe Shimmy

Oh, oh

My vision vivid while I stack it to the ceiling 'cause this top mine  
I'm chasin' millies while I'm on the road to riches, ain't no stop sign  
Uh, they bow down to me, don't want war with Z, I am not lyin'  
Uh, 30s beatin' me, I'm off too much lean, I can't stop flyin'  
Uh, fans from overseas, neck and wrist on freeze, I can pop mine  
Uh, first they ain't believe, the whole world gon' see, I won't stop tryin'

Uh, she just wanna party with a zombie, baby  
How your heart so broken you don't let it faze you?  
Baby, I'm a king that's why while them diamonds bite me  
Come and throw it off, baby, let me see you naked  
I don't know it all, but I see when these niggas faking  
They wan' see me fall, that ARP got mini traces  
I'm just tryna ball, I'm sick and tired of fightin' cases  
Uh, gave you all me, just don't up and leave, here you go, my love  
When you walk inside, just take off them Uggs, these chinchilla rugs  
Know how hard I grind, sit back and wait my turn, the top belong to us  
Tell them that I'm fine, I'm damn near goin' blind off all this purple stuff

Oh, I've been poppin' shit just like a tie, baby  
Try to keep up with me, blow his life savings  
They get in my way, then we annihilate 'em  
Step in the name of love (Love, love), I want 'em all gone  
Step in the name of love (Love, love), go 'head, step on 'em all  
Go 'head, step on 'em all  
Step in the name of love (Love, love), I want 'em all gone  
Go 'head, step on 'em all (Step, step, step)  
Go 'head and squish 'em all, go 'head and squish 'em all  
Oh

Tell 'em that I'm fine even when I'm crushed  
You don't get a pass, but we chicken rushed
