

# Wake Em Up

Loe Shimmy

Ayy

Uh

Uh

Fuck it, they done woke the demon up  
I up the score too much for opps, they better off teamin' up  
I pop a Perc', blow out her top, that lil' bitch creamin' up  
My team is up, you smackin' shit, then put your heater up  
Ain't no keepin' up, found out I fucked his bitch, he beat her  
up  
Come through sweepin' up, that switchy on me case you creepin'  
up  
Come through eat it up, you might just get Chanel, you keep it  
up  
Ridin' 'round with a baby micro Drac' in that Suburban truck

Uh, you can't tell me nothin' 'bout spinnin' bends or sellin' ' bows, you rookie  
Get the fuck up out my trap if you ain't breakin' down or cookin'  
n'  
You won't see the aftermath when Shimmy up and ready, ffft  
Uh, up and ready this fully  
Up and ready this fully, smack him, thinkin' he a bully  
Yeah, I hit the booth and rap, but I'm a trapper fully  
Put a Perky with a deuce of Wock' inside my bubbly  
Last nigga tried to send a diss, his ass above me  
Smackin' shit, forgive me, Heaven Father, sticks like Harry Potter  
Keep that fifty on me just so I can wake up, see tomorrow  
Bitch, I'm 'bout to go bustdown Patek, don't want no Audemars  
Please don't reach, I up this automatic Generation 4  
Want a thousand bricks just like El Chapo, ain't tryna make the Forbes  
Why you lyin'? You ain't got no bodies, you ain't up the score  
I ain't have to rap, on bro, I'm in the trap for sure  
Take it off the stove and let it lie or put it on the floor  
Fuckin' with no lights on, diamonds on so she can see them glow  
This an oversized Balenci' tee, so they can't see my pole

They done woke the demon up  
I up the score too much for opps, they better off teamin' up  
I pop a Perc', blow out her top, that lil' bitch creamin' up  
My team is up, you smackin' shit, then put your heater up  
Ain't no keepin' up, found out I fucked his bitch, he beat her  
up  
Come through sweepin' up, that switchy on me case you creepin'  
up  
Come through eat it up, you might just get Chanel, you keep it
