

Oh, ooh-ooh

Ooh

I wanna let it simmer in, wonder where that pain gon' go

If he live, I send 'em in again

They gon' bring back his head and some more

I bought my brothers different color gens

Can't take no love since I can't lose no more

It's la familia, I don't need no new friends

Can't let em in, I told Pab, "Close the door"

Fully ARP, let it rain out

Girl, without your love, blow my brain out

When I'm deep inside, scream my name out (Ooh)

Let me hear you scream my name (Ooh)

Let me hear you scream my name, oh (Oh)

Why you did that to me? I would do a sentence for you

Why you kill my baby? I wan' build a family with you

Why they play with Zombie? They see how I handle issues

Ooh, tryna be with you for a lifetime

You took all my love, I told you I was on E

Ridin' in that Maybach in the nighttime

When it's bouncin', I feel like I'm floatin' in the seat

Uh, I got so many questions, but first, I really want an answer
why

Uh, I know that I was destined

The stars are bright when I look in the sky

Uh, they shine so bright for me, they keep shinin'

She can't stare at my wrist, say it's blindin' her

Just don't know how much blood on these diamonds

Once I walked inside, we started makin' love, ooh

See how hard I'm tryna fight, I ain't givin' up, oh, no

Uh, girl, I don't think I can do this without your love (Do thi
s without your love, do this without your love)

I bought my brothers different color gens

Can't take no love since I can't lose no more

It's la familia, I don't need no new friends

Can't let em in, I told Pab, "Close the door"

Fully ARP, let it rain out

Girl, without your love, blow my brain out

When I'm deep inside, scream my name out (Ooh)

Let me hear you scream my name (Ooh)

Let me hear you scream my name, oh (Oh)
