

Breaking Point (F U)

Logan Michael

I just need a break from all the bullshit
So tell me straight up, baby, are we done with
Lie to me again and I'll fucking lose it
If you're wantin' somethin' else than get to movin'

I won't spend another second tryin' for a love
When all our time was spent on fightin'
No, I don't give a damn about your cryin'
'Cause I know the dirty secrets you've been hidin'
You've been lyin'

You fuckin' kill me, bleedin' me dry
You're the reason I don't get no sleep at night
Ohh, I've been shootin' whiskey, dyin' inside
Tryna drown out the memories still in my mind

This goodbye is overdue
I'm sick of bein' used
So baby, fuck you

Your mama didn't raise you right
Yeah, I guess that's why you act the way you do
Most of the time I let it slide
Every mistake seems to have a damn excuse
So go ahead and leave me be

Take your make-up take your clothes
And take your fucked up attitude

You fuckin' kill me, bleedin' me dry
You're the reason I don't get no sleep at night
Ohh, I've been shootin' whiskey, dyin' inside
Tryna drown out the memories still in my mind

This goodbye is overdue
I'm sick of bein' used
So baby, fuck you

I just need a break from all the bullshit
So tell me straight up, baby, are we done with
Lie to me again and I'll fucking lose it
If you're wantin' somethin' else than get to movin'
Get to movin'
Get to movin'
