

Closure In This Bar

Logan Michael

That house ain't really been feelin' like home
I never knew that peace and quiet could feel
So wrong
It ain't healthy to drink alone
But I need a drink because you're gone
So I'm at a place that don't like sleep
And is built for drownin' memories

I'm lookin' for closure in this bar
Closure in my heart
Maybe I'll find it on an old barstool
At the bottom of this cold brew
The jukebox is always on
The neon is comin' on strong
And if I go home I'm gonna get stuck on how you did me wrong
So I'll stay here, drink this beer
And pass out in my car
Cuz I'm lookin' for closure in this bar

I thought you leavin' would be the end of me
Without you in my world I'd be lost and lonely
But I'm givin' movin' on a chance
And some girl just asked me to dance
I'm feelin' lucky tonight
So I might have to give this a try

I'm lookin' for closure in this bar
Closure in my heart
Maybe I'll find it on an old barstool
At the bottom of this cold brew
The jukebox is always on
The neon is comin' on strong
And if I go home I'm gonna get stuck on how you did me wrong
So I'll stay here, drink this beer
And pass out in my car
Cuz I'm lookin' for closure in this bar

Part of me thought about walkin' out that door
But I came to my senses
And I ordered on more

Cuz I'm lookin' for closure in this bar
Closure in my heart
Maybe I'll find it on an old barstool
At the bottom of this cold brew
The jukebox is always on
The neon is comin' on strong
And if I go home I'm gonna get stuck on how you did me wrong
So I'll stay here, drink this beer
And pass out in my car
Cuz I'm lookin' for closure in this bar
