

# Ain't Always Pretty

Logan Mize

There's a fast-food bag wadded up in the backseat  
Row of fence post starin' right back at me  
Gatorade fill at the 7-11 still hotter than Hell in the shade at 7

Cash my check, fill up the tank  
Buy you a flower and buy some drink  
To sip on  
To live on  
Watchin' that Summer sun drip on  
Fields of green  
And, baby, I wouldn't change a thing

It ain't always pretty, but you are  
It ain't easy, girl, but it ain't too hard  
Meet you at the corner pub save me a seat  
Won't be anybody there lucky as me  
A blue-collared blue-eyed worth it  
Yeah, whatever we're doin' it's workin'  
Like Jack and Diane just singin' our ditty,  
Life goes on, it ain't always pretty, but you are

There's a Mickey Mouse magnet on the 'frigerator  
Holdin' me and you laughin' at the county fair  
Marry-go-round and round it goes  
Just like these dusty nowhere roads  
It's either too dry, or rainin'  
It's either hurry up, or waitin'  
I love it that you like the way I sing  
Sunday mornin', cigarette, Amazing Grace

It ain't always pretty, but you are  
It ain't easy, girl, but it ain't too hard  
Meet me in the back pew save me a seat  
Won't be anybody there lucky as me  
A blue-collared blue-eyed worth it  
Yeah, whatever we're doin' it's workin'  
Like Jack and Diane just singin' our ditty,  
Life goes on, it ain't always pretty, but you are  
Whoa, you are

We'll get it wrong or get it right  
Funny thing about this beautiful life

It ain't always pretty, but you are  
It ain't easy, girl, but it ain't too hard  
Meet you on the front porch, save me a seat  
Won't be anybody there lucky as me  
A blue-collared blue-eyed worth it  
Yeah, whatever we're doin' it's workin'  
Like Jack and Diane just singin' our ditty,  
Life goes on, it ain't always pretty, but you are

They're playing our song, baby,  
Sing it with me  
Life goes on, it ain't always pretty, but you are
