

# We Ain't Broke

Logan Mize

Half a cart full of groceries at the discount chain  
Shaking hands, pretty young, used everything  
Stack of overdue bills sitting on the table  
Service engines light on in your Mercury Sable  
But your pretty smile still lights up my whole world

We ain't broke  
We just ain't got any money  
It's gone  
But we got each other, honey  
The grass is always greener  
But both sides are sunny  
No, we ain't broke  
We just ain't got any money

If I ever made a million, tell ya what I'd do  
I'd still be racing at home at night just to get to you  
I'd still spend the whole day with you on my mind  
'Cause we got the kind of love that money can't buy  
The kind that makes you wonder  
If we ain't the ones getting it right

We ain't broke  
We just ain't got any money  
It's gone  
But we got each other, honey  
The grass is always greener  
But both sides are sunny  
No, we ain't broke  
We just ain't got any money

I been crushin' all my cans  
To trade in on denaro  
'Cause there ain't a chance in hell I'm gonna sell my old Camaro  
I've been waiting on parts, so I can get the thing running  
Just keep believing, baby  
Our big break's coming

We ain't broke  
We just ain't got any money  
It's gone  
But we got each other, honey  
The grass is always greener  
But both sides are sunny  
No, we ain't broke  
We just ain't got any money

The grass is always greener  
But both sides are sunny  
No, we ain't broke  
We just ain't got any money
