

I said, come on down, if you don't then I'ma have to show you
Don't overthink it, let it go, just let it happen for ya
Come on down, take a hit after I light it up
You know we gonna fly after I light it up

High (And you know I), no lie (And you know I), so high
Break it down, roll it up, get high (And you know I)
On life (And you know I), so fly
Everyday, yeah, you know I get high (And you know I)
No lie (And you know I), so high
Yeah, this is the reason I'm fly (And you know I)
No lie (And you know I), so fly
Everyday, yeah, you know I get down

In the mornin', yeah, I light it up, wassup
Yeah, you know the boy blazin', man
Know this feelin' so amazin', man
Know the haters don't faze 'em, and
We still vibin'
Just me and the homies and we vibin'
And everyday, you know we stay

High (And you know I), no lie (And you know I), so high
Break it down, roll it up, get high (And you know I)
On life (And you know I), so fly
Everyday, yeah, you know I get high (And you know I)
No lie (And you know I), so high
Yeah, this is the reason I'm fly (And you know I)
No lie (And you know I), so fly
Everyday, yeah, you know I get up

When the sun shines, yeah
Motivated by the people I see around me all the time, all the time
Uh, yeah, sometimes I, I doubt myself in the moment
Only for a moment, I know it
Know it ain't always gon' be this way, what can I say?
That's why I buy it, break it, roll it, light it
Smoke it, ignite it, everyday

High (And you know I), no lie (And you know I), so high
Break it down, roll it up, get high (And you know I)
On life (And you know I), so fly
Everyday, yeah, you know I get high (And you know I)
No lie (And you know I), so high
Yeah, this is the reason I'm fly (And you know I)
No lie (And you know I), so fly
Everyday, yeah, you know I get down

Yeah, you know I get down
I get down, I get down
