Logic

Psychological!  
Damn right  
Have you ever heard Psychological spit a verse son?  
It's quite crazy  
It's quite crazy son  
Damn right!

Some walk a vine line  
I sip fine wine  
Rhyme ahead of my time  
A fetus with a wise mind  
Now you know it's on  
Hungry like Ramadan  
And mothefuckers I ain't leaving 'til the plate's gone  
I thought you knew  
Lactose intolerant fool  
Don't eat cheddar but my wallet do  
This is how a scholar do  
Phenomenal, I affect like domino  
Rolling through like Geronimo  
I'm hungry like a third world diet  
80 sets a day send it my way  
I'm viral, infectious  
My state of mind is, bigger than Texas  
I wrote this rhyme in my phone where the text is  
Cause I ran out of paper if that they hungry I don't know what  
is

Psychological, you know what that means y'all?  
That means he is in your head for sure
