

## NeedleDrop

Logic

Umm, so I would be able to leave a message just like this  
Just like this, just like this  
Just like, right now, like this, and  
Or would I have to call you  
And then literally leave a message on your voicemail box?  
And also what is the general tone of the other people?  
Like, are they all like leavin' you voice messages and stuff?  
Is that kind of the nature of all the skits?  
Like, everyone's just callin' you and leaving a voice message?  
I ask because if I, if I do what I wanna  
I wanna contribute to the consistency of your album  
If I do involve myself in it, I wanna make sure  
You know I'm stickler about consistency  
I don't wanna be the one guy who's doin' the one different  
I wanna understand the concept as good as I can understand it  
So that I can function within the rubric of your artistic vision properly  
If I'm on your record, it's not for my ego  
If I'm on your record, it's gonna be there to serve  
I'm here to serve the vision that you have  
I'm here to serve the vision, so, uhh  
Just let me know what the answer to those questions are
