And I'm prophesizing everything we know  
Because of the internet I made a million and another million  
That's word to Gambino  
He one of the realest, I swear he the realest  
But anyway, back to the subject at hand  
I just performed for an hour, performed for an hour  
And made myself a hundred grand like...

Oh my goodness, oh my goodness, oh my goodness  
Oh my goodness, oh my God  
Wooh! That's lit, that's lit  
That's gonna be the hook right there!

Oh my goodness, oh my goodness  
Oh my goodness, oh my God

Oh my goodness, oh my goodness  
Oh my goodness, oh my God

This for every single night that I stayed up  
Real all the time, nah this shit never made up  
No it's never made up, no it's, no it's straight up!  
Straight up, bitch!

I'm like, oh my goodness, oh my goodness  
Oh my God, I'm coming with the goodness  
Acting like I ain't been in it  
Like I ain't been pushing my limit  
Hold up, wait up, get your weight up!  
P-L-P but fuck around get the fade up  
They shit is made up, straight up!

Everyone know I'm the greatest  
Tell 'em, "Title your album, A Fish Outta Water"  
Cause that shit be floppin'-You fuckin' suck...

Love it or hate it, they know the name  
They know the name cause it's poppin'  
Dropped 2 million on my new crib  
Now nobody but God can stop us!

Oh my goodness, oh my goodness, oh my goodness
