Logic

Where is my girl?  
The one I've been waiting for  
I'd give you the world  
If I wasn't stuck in this store  
I'd give you the world  
I think this here could start it  
Come now, be my girl

Dance with me in this department  
Inside of this Supermarket, baby  
With me in this department  
Inside of this Supermarket, baby

I'm a widow, I'm a freak  
I wish I could watch you when you sleep  
I knew you before you knew me  
Holy shit, I am a creep  
I come to your job, just to buy some shit I don't need to see y  
our pretty face  
It's probably odd I fantasize about your sweet love and embrace

Maybe one day she'll be mine  
I guess we'll all know in due time  
I got a heavy heart and a lot on my mind  
But, beautiful girl, you're one of a kind  
I'm not a stalker, but I go shopping more than I need to, just  
to see you  
I'm not a stalker, but I go shopping just to see you

(And when I don't, I say)

Where is my girl?  
The one I've been waiting for  
I'd give you the world  
If I wasn't stuck in this store  
I'd give you the world  
I think this here could start it  
Come now, be my girl

Dance with me in this department  
Inside of this Supermarket, baby  
With me in this department  
Inside of this Supermarket, baby  
Yeah
