Ah yeah, just me and my dogs yeah  
Give a fuck 'bout what y'all doing, yeah (yeah), we going hard (yeah) all year

Came back to the scene, came back with a team  
Like rap anything, I'ma do anything  
I'ma rap, I'ma sing, yeah I'm back, and the king  
Came back from the trap to supply all the fiends

Ah yeah, just me and my dogs yeah  
Give a fuck 'bout what y'all doing, yeah, we going hard all year

Ah yeah, just me and my dogs yeah  
Give a fuck 'bout what y'all doing, yeah, we going hard all year

I'll be right back in a bit, sipping on something, I'm lit, internet throwing a fit  
Could give a shit, bitch get the fuck off my dick, you say that shit, I'm gon' hit back  
Bobby don't claim no set, but it's just me and my gang  
Ready to fuck up the game, BT3, now we at it again, man

Ah yeah, just me and my dogs yeah  
Give a fuck 'bout what y'all doing, yeah, we going hard all year

Ah yeah, just me and my dogs yeah  
Give a fuck 'bout what y'all doing, yeah (yeah), we going hard (yeah) all year

Just me and this beat, got you feeling defeat, I came up on the street, now I'm bringing the heat  
Yeah, you know I got heat, ain't no need to repeat, I got happiness, ain't no need to repeat, I got number ones  
Ain't got time for these rappers, I only got time for my son, him and his momma the one  
I got no time to attack all these people because money is time  
And spend yours in all these places while I'm on tour with all these faces  
In these arenas you wish you was in, maybe stop talking about me and you'll win

I'm going in, yeah, I'm going off, when they talking that shit  
I just blow it off

When they talking that shit I just show 'em love, 'cause when I  
speak, they gotta look above

Ah yeah, just me and my dogs yeah

Give a fuck 'bout what y'all doing, yeah, we going hard all year

Ah yeah, just me and my dogs yeah

Give a fuck 'bout what y'all doing, yeah, we going hard all year
