

Welcome Back

Loick Essien

She says I always go for too long
So whenever I see her she says "welcome back"
Whenever I'm on tour I'm a show
She says she always hates it when I say "I'll call back"
And when I told her how we roll just went good
Congratulations and she said "welcome back"
Then I say that "it's good to be back"
(Be back) yea, I'm back (yea, I'm back) (welcome back)

It kinda hurts because I know she loves me
But there's about a thousand girls that tried to fuck me
Spend like 10 bags and my arm up
I'm just stayin' fly cause I'm gone
Cause they love me cause of my charm
Yea, girl I don't know why I do it
It's me just bein' foolish cause I hate to put you through it yea
I don't know none of these new chicks
Push your back up homie as I prove it as you welcome me back

She says I always go for too long
So whenever I see her she says "welcome back"
Whenever I'm on tour I'm a show
She says she always hates it when I say "I'll call back"
And when I told her how we roll just went good
Congratulations and she said "welcome back"
Then I say that "it's good to be back"
(Be back) yea, I'm back (yea, I'm back) (welcome back)

Welcome back, welcome back, welcome back, welcome back yea
Welcome back, welcome back, welcome back, welcome back, welcome back yea

You know they say there's no place like home
Don't put me in my place
You know I spit on wall
I miss them lycs, I miss that wix
Yea, you the star but I don't wanna give you space
Whenever I come back around you treat me like I'm ace
Yea, get your girlfriend a bedroom to the kitchen
Make me lose my mind, remind me what I'm missin'
You ain't hit the track so your race makes you a winner
That's why them other girls ain't competition
Girl let's throw it down
You know it's been too long
It's either you that's right and I can't tell right from wrong
You miss my cheeky ways and that's why you fuck
I'm a bring you where I'm going cause you remember where I'm from
And on times you get suspicious
Remember you're my missus
Though other girls are my target I ain't tryna catch these other fishes yea
So you the only one that's in the punt
Just start below the 7 without a bun
Welcome back

Yea, whenever on us
Yea, she smile down on us
She gets that tripfully like order shit that we got for us
Even on our last leg she welcome me with open arms
Like fuck the safety, atheist love, no guns
Get straight to the bedroom, that's our place of worship
One of the only times she don't tell me that I'm overworking
Body like an hourglass, I wish I had more time
Freaky when she's tipsy, I wish I had more wine
Especially when I don't drop, she's the one I think of
Same old chain of events every time we link up
Yea it's kind of complicated, but we both feel obligated
Maybe cause she's fire hurt and I'm dragonfly, all that
And all that shit is hard to find
And she ain't mine and I ain't hers
But it's true lust cause does her and I do me
Whenever I'm back we do us
Argue, won't chat
Hang up, call back
But her ass so fat that I always have to walk on my pat

She says I always go for too long
So whenever I see her she says "welcome back"
Whenever I'm on tour I'm a show
She says she always hates it when I say "I'll call back"
And when I told her how we roll just went good
Congratulations and she said "welcome back"
Then I say that "it's good to be back"
(Be back) yea, I'm back (yea, I'm back)

Welcome back, welcome back, welcome back, welcome back yea
Welcome back, welcome back, welcome back, welcome back, welcome back yea
