

Please let me borrow a minute
Ain't seen you 'round in a minute
Heard you in love with a billionaire now
Still can't afford all your feelings
Your friends think I'm rude I'm a villain
But I'm secretly fighting my demons
'Cause you fucked all the eyes in your DMs
But I still feel a way, feel a way
Feel a way about you

Girl I'm only looking for closure
Girl I'm only looking to have my say
And I can bring a bottle if you're sober o
Sober alone o
Relax
Girl I want to say what's on my mind oh no
And if you want I'll come in
Through the back door eh
Or I could put my number on your phone
It depends on you

If you down, if you down, hello
If you down, if you down, if you down, hail Lolo
If you down, if you down, if you down, hello
If you down, if you down, if you down
Hail Lolo Lolo

I know it sounds unoriginal
But I'm loosing sleep it's alarming oo
I've been through too much wey you barely know
And I'm a prisoner in my head you know
I feel a pain, feel a pain, feel a pain yeah
And it's creeping deep in my belly o
And if you don't got time for your celly o
I hope you hear my side on the radio o o

'Cause I'm only looking for closure
Girl I'm only looking to have my say
And I can bring a bottle if you're sober o
Sober alone o
Relax
Girl I want to say what's on my mind oh no
And if you want I'll come in
Through the back door eh
Or I could put my number on your phone
It depends on you

If you down, if you down, hello
If you down, if you down, if you down, hail Lolo
If you down, if you down, if you down, hello
If you down, if you down, if you down
Hail Lolo Lolo
