

# Fallen

Lola Amour

What if I told you that I've fallen?  
And I like the way you say my name  
My heart skips a beat when I hear you calling  
And I like that it won't go away

But never mind, don't wanna give you any trouble  
Never mind, never mind  
I'm okay with being by your side for as long as I can hide  
What if I told you that I've fallen?

What if I told you that I've fallen?  
A heart-shaped arrow through my chest  
I'll make your breakfast every morning  
And pick you up when you're a mess

I know that it won't ever stop  
You know I'll be there when you call me whether you like it or not  
Without a warning, now I'm falling for this picture on my phone  
But don't mind me, I'm just falling, I'll get back up on my own

Please don't say my name, help me put out this flame  
I'd rather hold onto this feeling that you don't even believe in  
What if I told you that I've fallen?

What if I told you that I've fallen?  
Nevermind, nevermind, nevermind  
What if I told you that I've fallen?  
Nevermind, nevermind, nevermind  
What if I told you that I've fallen?  
Nevermind, nevermind, nevermind  
What if I told you that I've fallen?  
Nevermind, nevermind, nevermind

What if I told you that I've fallen?  
Nevermind  
What if I told you that I've fallen?  
Oh, nevermind  
What if I told you that I've fallen?  
Oh, nevermind  
What if I told you that I've fallen?  
Nevermind, I said nevermind  
I shouldn't tell you that I've fallen
