

Real Boy

Lola Blanc

Every time we touch your hands are colder, colder
There no beating coming from your wooden chest
Frozen grin, a mannequin
When I get closer
I can see the strings there underneath your vest

If you can cry real tears then
You're gonna cry them all for me
If you can feel real fears then
I'm gonna leave you shivering

I'm gonna make you, I'm gonna make you
I'm gonna make you, la la la la la
I'm gonna make you, I'm gonna make you
I'm gonna make you, la la la la la
Into a real boy, the big reveal boy
Gonna make you feel boy, just like a real boy
(Just like a real boy)

Who's the one who turned you will to winter, winter
Who's the boy beneath the doll that wants to live
I can give you life with just a single whisper
Show you what the meaning of a heartbeat is

If you can cry real tears then
You're gonna cry them all for me
If you can feel real fears then
I'm gonna leave you shivering

I'm gonna make you, I'm gonna make you
I'm gonna make you, la la la la la
I'm gonna make you, I'm gonna make you
I'm gonna make you, la la la la la
Into a real boy, the big reveal boy
Gonna make you feel boy, just like a real boy
(Just like a real boy)
