All these niggas get chastised  
Naturally a baddie, double B's on the chest size  
Big gator coming straight outta Bedstuy  
Put this coochie in a Lamb' but you still can't test drive  
Better get my best side

Better get my best side  
I ain't worried 'bout a nigga, I'ma get mine

Bitch, this not what you want  
Back out them things, then we back out the truck  
Said I want a ruffneck nigga on the tongue  
Twenty-four hours, day and night we gon' fuck, uhh  
See, I don't know why they wanna fuck with me  
In my business worried 'bout who fuck with me  
I ain't with the sub-Tweeting, you could cut the memes  
Put a nigga face in it how the pums get cleaned

All these niggas get chastised

Stop dick riding, dick-dick riding  
I heard niggas in the streets out here 6ix9ing  
I could prove facts, he abused that  
Supposed to be my dawg, my nigga, why you do that?  
When it's time to show my ass, know a bitch show up  
Know it's smoke for these niggas when the hitters roll up  
When the hate don't work and the love slow up  
For the dead homies, 42 po' up

All these niggas get chastised  
Naturally a baddie, double B's on the chest size
