

I AM LOLA

Lola Brooke

Lola, Lola, Lola
Lola, Lola, Lola
Lola, Lola, Lola
Lola, Lola, Lola
Uh-uh-uh-uh

Big Lo, high off the La
Tell 'em I get it, I get it
I run it right straight to the guap
Bitches be mad 'cause they're not
Big Lo, right at your top
Been got busy way before I left the block
In case they forgot
They want Lola, Lola, Lola
Lola, Lola, Lola
Been that bitch and I'm still that bitch
They want Lola, Lola, Lola
Lola, Lola, Lola
Been that and I'm still that

From the block where they cannot spin
Don't know many bitches that could visit a friend
And I don't know too many niggas that could visit again
Drop the pin, sporting in a all-white Benz
Hitters gotta keep the squeeze
Duck low, quick, fast when you see police
Briefcase on the side gotta keep the breesh
Big gator, Lola, keep the heat
Gotta keep it going with that dun-dun-dun
Gotta keep it on with that uh-uh-uh
Got my block to feed, they be watching me
Ain't no stopping me, I got mouths to feed

Whatever Lola wants, Lola wants
Lola gets, Lola gets
I might forgive, I might forgive
But I don't forget, uh-uh-uh-uh

Big Lo, high off the La
Tell 'em I get it, I get it
I run it right straight to the guap
Bitches be mad 'cause they not
Big Lo, right at your top
Been got busy way before I left the block
In case they forgot
They want Lola, Lola, Lola
Lola, Lola, Lola
Been that bitch and I'm still that bitch
They want Lola, Lola, Lola
Lola, Lola, Lola
Been that and I'm still that

Heard the shots for gator, still ain't get hit
Solid-hearted between my tits
They be mobbing regardless, the hardest is saying goodbyes
And not ending it off with a kiss
Diamonds in cool colors

I got news for you, brother
Take no shortcuts
I work hard can't lose to another
Mnhmm, none their words gon' compete with my prayers
Mnhmm, I let off, I might send 'em to their maker
Mnhmm, I get full off paper, save the opps for later
Wasn't raised to count the favors, countless days of bad behavior

Whatever Lola wants, Lola wants
Lola gets, Lola gets
I might forgive, I might forgive
But I don't forget, uh-uh-uh-uh

Big Lo, high off the La
Tell 'em I get it, I get it
I run it right straight to the guap
Bitches be mad 'cause they're not
Big Lo, right at your top
Been got busy way before I left the block
In case they forgot
They want Lola, Lola, Lola
Lola, Lola, Lola
Been that bitch and I'm still that bitch
They want Lola, Lola, Lola
Lola, Lola, Lola
Been that and I'm still that
