I need my money as long as my government name  
Standing tall as a Manikin

No fivio but I D.I.D!

Big bag I got that glt pack  
Don't make it kick back  
Big drip wetter than 6flags  
I got that splish splash  
Fantasizes about cuffing me  
Cause I fucked him good in his dreams  
He gon bambam on my pebbles  
When he get to bed ima rock him to sleep

(Na)  
Ain't no rules when comes to a bitch  
I don't even like you sis  
Ima put the Jews on tour  
Come back to the hood  
With the project on my wrist  
Ima go toss big mama a brick  
Nycha was helping her pay off the rent  
If it ain't Immediate family or close friends  
I ain't got it get off my dick!

Idk why these niggas got girlfriends  
Waiting on me to come fill in the spot  
Niggas wanna be a new Glock on my hip  
Cause they know real bitches like me outta stock  
I ain't got time for to be chasing a nigga instead of that money I put em on
