

# No One Else

Lola Brooke

Uh, uh, uh  
Uh, uh, uh  
Uh, uh, uh, uh

24 karats on the rock, yeah  
How would you feel if I locked you down for life?  
Not just for one night  
Maybe it's your energy  
Got me feeling myself  
I can tell that you're a freak for me  
And no one else, yeah

Yeah, yeah  
Is it the energy or Hennessy  
That make you wanna be a daddy to a mini-me?  
Bvlgari, upgraded from the Tiffany  
Money long, pipe long, long as a centipede  
I always get what I want when I go put that shit on  
He never tell me I'm wrong when he see me in a thong  
He knock the box out like a pro fighter  
24/7, we don't do no one-nighters

I'm used to 1 in the morning  
2 at the show  
3 for the weekend  
4 in a row  
But you got me thinking, got me in that mode  
Half on a baby and so much more

24 karats on the rock, yeah  
How would you feel if I locked you down for life?  
Not just for one night  
Maybe it's your energy  
Got me feeling myself  
I can tell that you're a freak for me  
And no one else, yeah

Even though it's small, tell me that it's fat  
Fun size, baby, I deserve to be ya brat  
When the tongue ties, baby, that's a booby on a trap  
They say Brooklyn girls is toxic, but the ussy always slaps  
He wanna ring the alarm when I'm in Louie Vuitton  
He keep a bag on my arm, and Princess cuts on the charms  
We never tap out, we pulling an all-nighter  
24/7, we don't do no one-nighters

I'm used to 1 in the morning  
2 at the show  
3 for the weekend  
4 in a row  
But you got me thinking, got me in that mode  
Half on a baby and so much more

24 karats on the rock, yeah  
How would you feel if I locked you down for life?  
Not just for one night  
Maybe it's your energy

Got me feeling myself  
I can tell that you're a freak for me  
And no one else, yeah

Yeah  
Uh, uh, uh  
Yeah  
Yeah  
Uh, uh, uh  
No one else, no one else  
Yeah, yeah, yeah
