Twerk that, murk that, work that, work that
I could take ya' nigga any second if I flirt back
I love all my stripper bitches posting up their thirst traps
Throw it up, reverse back, show that nigga his curve cap
Ninety-nine problems, niggas ain't one, case closed
I call my main nigga for service of that Django
I should be on honor roll from counting up these bankrolls
Sentences he face thoses, it's 'bout time we change those
My turn baby
Lately I been flexing with my bitches at the club, doing battle wars dirty t
o these niggas
They ain't on shit, I could give a million game walking out to bank with the
se figures
All of my bitches is ten outta ten, they ain't never gon' lose 'cuz we winne
rs
I told them they could go play with them raggs but don't come for my riches

I got bad bitches all in my section
Them diamonds be dancing like they fruity pebbles
And your nigga be all on my body
Beggin' to ride it, now he all excited
Now poppin' this pussy all up in his face

I'm poppin this pussy, now he wanna date
I'm down if he swiping them VISA's
Charter the jet, how we changing them seasons
Ninety-nine problems, I'm givin' them reasons
Ya' nigga be all in my DM, ya' nigga be ready to follow me
Bitch, this ain't Twitter, now he tryna swallow me
'Cuz, bitch, I be gettin' that fatty
And, bitch, I be givin my nigga that WAP
Like these bitches be all on my body
I tell'em to book me, we open up shop
'Cuz, bitch, I be shakin' my ass
All on the dash
My nigga be grippin my ass
We doin' the dash
All on the low
Knockin' them niggas out
Out all in a row
He steady be wildin'
Steady be chosen the violence
I need a nigga that's steady gon' violate
I need a nigga that's steady on go
I need a nigga that's
