

If You Wanna Be My Lover

Lola Marsh

Saturday morning
We're stuck in the bay
It's not what we wanted
Not easy to stay
And everytime it's over
I'm going back to love you again
We'd swore and we had promised
Our love will never come to an end

If you wanna be my lover
You gotta know to blow my cover
Your diamond eyes won't let go
Boy you gotta kiss me rough
Tell me that I'm good enough
Hold me till it's over
If you wanna be my lover
You gotta let me love another
You'll have to know to let go
Boy you gotta kiss me rough
Tell me that I'm good enough
Hold me till it's over

Without any warning
You know I let down my guard
And I wasn't ready
To fall and fall hard
And everytime it's over
I'm going back to love you again
We'd swore and we had promised
Our love will never come to an end

If you wanna be my lover
You gotta know to blow my cover
Your diamond eyes won't let go
Boy you gotta kiss me rough
Tell me that I'm good enough
Hold me till it's over
If you wanna be my lover
You gotta let me love another
You'll have to know to let go
Boy you gotta kiss me rough
Tell me that I'm good enough
Hold me till it's over

If you drive yourself
Crazy like a hurricane
I can be right there
Boy just call me every day and night
If you feel right
Baby's gonna feel right
If you feel
I need you to make me feel right

Drive yourself
Crazy like a hurricane
I can be right there
Boy just call me every day and night

If you feel right
Baby's gonna feel right

If you wanna be my lover
Let me love another

My lover don't be sad
I'm gone
We gotta break it down
Hold on
My lover
You're my favorite boy
You make me
Feel like a woman oh

Be my lover
Let me love another
Your diamond eyes won't let go
My lover, you're my favorite boy

My lover don't be sad
I'm gone
We gotta break it down
Hold on
My lover
You're my favorite boy
You make me
Feel like a woman oh
