

Don't Hate Me

Lola Young

I think that I love you but it's hard
Just to be around you
You said I'm gonna be a big star
Don't lie to my face
It's cool if you don't want to hang and get loose
But my mum wants me back at like twenty to two, and babe
I think that I love you but it's hard
Just to be around you

Don't hate me but you're not
Don't hate me but you're not
What I thought you was
Don't hate me but you're not
Don't hate me but you're not
What I thought you was

You said that I'm really fucking boring
Well, that's rich coming from you
'Cause when you rain you're fucking pouring
I can't win, I can't lose
And it's cool if you don't want to hang and get loose
But my mum wants me back at like twenty to two, and baby
I think that I love you but it's hard
Just to be around you

Don't hate me but you're not
Don't hate me but you're not
What I thought you was
Don't hate me but you're not
Don't hate me but you're not
What I thought you was

Don't hate me but you're not
Don't hate me but you're not
What I thought you was
Don't hate me but you're not
Don't hate me but you're not
What I thought you was
