

# Heart Attack

Lolawolf

I miss you but don't want you back  
I need you like a heart attack  
Come on baby, just relax  
I'm leaving but I'll be right back  
I know you used to be my one and only everything  
I know you used to be but now you're just a tbt

I saw you smoking in the back  
I looked at you and you looked back  
Now come on now but in real fast  
I wanna to put you all on blast  
Why do you think I only want it when you're chasing me  
Baby, I thought that we were dancing, was it just a dream?

We got that dirty love  
Uh-huh, I'm waking up, up, up  
Splash some water on my face  
Wash away this dirty love

Don't miss you but don't want you back  
I need you like a heart attack  
Oh, come on baby, just relax  
I'm leaving but I'll be right back  
I though I used to be your one and only everything  
I know I used to be but now I'm just a tbt

How could you do your girl like that?  
I loved you for the things you lack  
Uh-huh honey, trick the fight  
Now walk away and don't look back  
I never thought that we would end up where we are today  
I always hated it when you looked down on me in that way

I miss you  
But don't want you back  
I need you like a heart attack  
Oh, come on baby, just relax  
I'm leaving but I'll be right back  
Okay we used to be each other's one and everything  
Okay we used to be each other

I miss you  
I miss you  
I miss you  
I miss you  
I loved you  
I miss you

We got that dirty love  
Uh-huh, I'm waking up, up, up  
Splash some water on my face  
Wash away this dirty love
