

I know just how to make it real for you  
I know you're scared  
When you wanted me, I couldn't want you  
But now I can

Since I know how to love you  
[?] I think I'm tryin'  
Now that I know what to do  
I'm sellin', I'm buyin'  
I'm in your head  
I scrolled your lion  
Laid you down, put on voodoo and now you think I'm lyin'?  
I wanna... win my [?]  
Don't think I understand  
Where, oh where, oh where, oh where  
Oh where you think you're flyin'

I know just how to make it real for you  
I know you're scared  
When you wanted me, I couldn't want you  
But now I can  
I know just how to make it real for you  
I know you're scared  
When you wanted me, I couldn't want you  
But now I can

Don't tell me to take my time, then tell me I'm slow  
I get it, I change my mind, always changin' my mind  
Double tap, can you feel me? Can you feel me?  
You wanna hold my hand? Nah, I don't think you understand  
Got you, got you, got you, got you  
Got you to come close  
Now come on, stay, I said come on, stay

I know just how to make it real for you  
I know you're scared  
When you wanted me, I couldn't want you  
But now I can  
I know just how to make it real for you  
I know you're scared  
When you wanted me, I couldn't want you  
But now I can
