

## Start Now Stop

Lolawolf

God damn  
I'm not done with it  
It's not my man, but I'm in love with it  
I'm in love with you, but you are not mine  
Ouh, you wanted me to come over  
If I promise not to cry  
I held it down like a soldier  
Now you're asking me to leave

Oh, give me a reason  
Cause I ain't going home  
You don't wanna start  
I ain't swinging low, I'm just leanin'  
Or maybe you don't know  
You don't wanna start now stop

Just like, like you wanted to  
I'm down, I'm down  
For what you wanna do  
So what you wanna do  
I'm down, I'm down  
What a surprise to discover  
You always think when you lie  
It's no big deal just a bummer  
Well we tried

Oh, give me a reason  
Cause I ain't going home  
You don't wanna start  
I ain't swinging low, I'm just leanin'  
Or maybe you don't know  
You don't wanna start now stop

I ain't swinging low, I'm just leanin'  
Or maybe you don't know  
You don't wanna start now stop

Oh, give me a reason  
Cause I ain't going home  
You don't wanna start  
I ain't swinging low, I'm just leanin'  
Or maybe you don't know  
You don't wanna start
