Lollipop Lust Kill

Dominating forces catapult my thoughts  
I want and need to control every aspect of you  
I must control everything, keep you under my thumb  
I will mentally @#%\$ till you break or I leave  
Berate and humiliate as my father did to me

The abused will abuse

I want to be the one for you  
Want you to be the one for me  
I need to see inside your mind  
Want you to see inside of me

I am a mental predator  
Feeding on your childhood traumas and mental monsters  
I will use my insecurities against you  
And I'll live to make them yours  
Long string of failed relationships

My father lives inside of me

Why?

Kill my father, heal my father
