

Down Down Down

Lollipop

Burnin fire
of my desire
flying higher
maybe it's to late
and you don't want you stay.
I just need a sweet embrace
yes I know you're still the same
such a fool you're leaving now
baby I know
that you won't
be with me.

I'm goin down down down down
trying to get away
I'm goin down down down
bitter melody
I'm goin down down
on my knees
I'm goin down down down down
stop to please.

and I wanna say
you're not good to me
I don't know why
you don't know my name
better go away
instead of staying
Did you break my heart?
Doesn't mean a thing?
It does to me
I should be hating you
no matter wath you'll do.

Bye bye liar
too much crying
I'll be stronger
tomorrow may be a day to celebrate
I don't wanna see you face
'cause I know you're still the same
such a fool
get out of my life
baby I know
that you won't be with me.

I'm goin down down down down
trying to get away
I'm going down down down
bitter melody
I'm going down down
on my knees
I'm going down down down down
stop to please.

Stop with your lies
I don't wanna be
'cause I don't wanna be
be your fool

I've had enough of your laugh
and someday suddenly
I will be on my way

I will be better
once you will be gone
'cause I was fine
until your lies
have broken into my lies
you've been cruel for so many days
and I'm ready to break up this chain.

I'm goin down down down down
trying to get away
I'm going down down down
bitter melody
I'm going down down
on my knees
I'm going down down down down
stop to please

I'm going down down down down
trying to get away
I'm going down down down
bitter melody
I'm going down down
on my knees
I'm going down down down down
stop to please
