

## Can't Hardly Stand It

LOLO

Well, the sun's gone down  
You're uptown  
And you're just out runnin' around

I can't hardly stand it  
You're troublin' me  
I can't hardly stand it  
It just can't be  
Well, you don't know, oh babe I love you so  
You got me all tore up

You say you're through with me  
You're settin' me free  
Well you're just out with your used-to-be

I can't hardly stand it  
You're troublin' me  
I can't hardly stand it  
It just can't be  
Well, you don't know, oh babe I love you so  
You got me all tore up

Well, my spirit's low  
I miss you so  
I stand alone and watch you go

I can't hardly stand it  
You're troublin' me  
I can't hardly stand it  
It just can't be  
Well, you don't know, oh babe I love you so  
You got me all tore up
