

Comeback Queen

LOLO

I'm coming, I'm coming oh
I'm coming, I'm coming oh
I'm coming, I'm coming oh
I'm coming I'm coming

My life is like a movie
I watch it from the velvet
Since they found me naked
Laid down on the balery
Passed out drunk, knees scraped up
I don't know where my shoes are
And I don't give a fuck
My boyfriend left me
I don't need him anyway
Took this call, and I found it in the sight
Toward the night to film swear to stake these stars
Another time to ruin full of earth, broken heart

I'm a movie star
If I wanna be
Well you said I couldn't make it back
Without you I can't do anything

Oh, turning ashes to ashes
Oh, burn your Hollywood dream
Oh, I don't need no cash
Got my fake eyelashes
I'm a comeback queen
I'm coming, I'm coming
I'm a comeback comeback
I'm coming, I'm coming
I'm a comeback queen

Well the plot got twisted and the fact turned fiction
Found a magazine house and I'm paying more mission
Found a skinny jean sugar daddy born in the 80's
When he wasn't looking I took his car keys

Audi is nice, Mercedes is fine
I spent it out like a 2 back 1
Cause mammy always gets what she wants so
Hold me on top and you just might make it show, oh

I'm a movie star
If I wanna be
Well you said I couldn't make it back
Without you I can't do anything

Oh, turning ashes to ashes
Oh, burn your Hollywood dream
Oh, I don't need no cash
Got my fake eyelashes
I'm a comeback queen
I'm coming, I'm coming
I'm a comeback comeback
I'm coming, I'm coming
I'm a comeback queen

I'm coming, I'm coming [x4]

Oh, turning ashes to ashes
Oh, burn your Hollywood dream
Oh, I don't need no cash
Got my fake eyelashes
I'm a comeback queen
I'm coming, I'm coming
I'm a comeback comeback
I'm coming, I'm coming
I'm a comeback queen
I'm coming, I'm coming
I'm a comeback comeback
I'm coming, I'm coming
I'm a comeback queen
