Johnson City

LOLO

Bell call us in
She wanna take my hand
And I'm alright, I'm alright
Maybe I did fall
But I'm not afraid to tell you more and more
That I'm alright

Hey child
Look at you in the mirror
Did you think that you would still be standing now
Hey child
Didn't you try to find her
You gotta leave to find the heart that breaks you down

And Johnson city's gonna wait for you
Love ain't ever gonna leave you true
Johnson city's gonna wait for you
Love ain't ever gonna make you

Brother lost a friend
Never knew he'd be a broken man
She told him he's alright, alright
Calling out from home
But nobody wants to talk to him anymore
Cause he's just hiding

Hey child
Look at you in the mirror
Did you think that you would still be standing now
Hey child
Didn't you try to find her
You gotta leave to find the heart that breaks you down

And Johnson city's gonna wait for you
Love ain't ever gonna leave you true
Johnson city's gonna wait for you
Love ain't ever gonna make you

Hey child
Look at you in the mirror (in the mirror)
Did you think that you would still be standing now
(Did you think you'd still be standing now)
Hey child
Didn't you try to find her (try to find her)
You gotta leave to find the heart that breaks you down
(Don't let it break you down)

And Johnson city's gonna wait for you
Love ain't ever gonna leave you true
Johnson city's gonna wait for you
Love ain't ever gonna make you
